

Stackable Skeleton Racks

SKELETON RACKS TO THE RESCUE

This versatile rack can be assembled without special tools in less than ten minutes. The self-aligning structure requires only four bolts to stack. Choose from five possible height combinations, from 15U to 40U, for added customization. Compatible with the EcoSystem™ and small parts panel, Stackable Racks are the best way to increase the efficiency of your system. Plastic feet are included for easy sliding and leveling. Plus, choose a caster kit for added mobility or swivel kit for increased serviceability.

**CFR1620 – Detail**

Modular, stackable structures can be coupled into five different height combinations (40U, 35U, 30U, 20U, 15U) with no loss of U spaces

Modular rack structures are SANUS EcoSystem™ compatible

CA6CK - 4 Casters
(not included)

Provides smooth rolling for CFR1620 and CFR1615 or any stacked combination of Component Series AV Racks

Entire structure – complete with extra screws, two removable rack shelves, and two removable blanking panels – ships in one UPS-shippable box

Versatile racks can be mounted directly to wood wall studs or concrete using supplied hardware

This versatile rack can be assembled without special tools in less than ten minutes
