

MOUNT CAPATIBILITY TV HOLE PATTERNS

SANUS wall mount products are compatible with virtually every television on the market. Television manufacturers use two different standards when designing the backs of their TVs to allow them to be mounted.

VESA

SANUS products are proudly designed and engineered in the USA. We strive to offer you safe products that provide a joyful experience while also enhancing your lifestyle.

RANDOM

The second concept is not really a "standard" at all. Rather, TV manufacturers who do not follow the VESA standards place their mounting holes on the backs of their TVs in non-conforming places. For these TVs, the SANUS brand makes "universal" mounts. This means there are brackets that can be adjusted back and forth to properly align with many mounting holes. When mounting a TV with a random hole pattern, in addition to choosing a "universal" mount, it is also critical to compare the weight of the TV to the weight rating of the mount.

SANUS TV MOUNT SIZE CHART

RECOMMENDED TV SIZE (INCHES)																																																					
13	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	53	54	55	56	57	58	59	60	61	62	63	64	65	66	67	68	69	70	80	90
