

SANUS®

**PREMIUM TV WALL MOUNTS
AND AV ACCESSORIES**

REIMAGINE YOUR SPACE WITH SANUS AND GENEVIEVE GORDER

4 tips to update your space from celebrity interior designer Genevieve Gorder

Visualize Your Style

Before starting to transform your space, think about how you want your space to function for you; the layout of a space dictates how one should behave in that space. Therefore it is crucial that the layout fits the mood you are trying to capture.

Maximize Your Space

Mount your TV with a SANUS mount to maximize space without compromising the look and feel of a room; ideal for any interior design layout, SANUS offers a complete line of TV mounting solutions that will instantly add a modern feel to any room.

Create a Safe Environment for Kids

Eliminate the risk of TV tip-overs by removing your old TV stand and mounting your TV to the wall, ensuring a safe and stylish home year-round.

Eliminate Window Glare

If windows are getting in the way of your interior design layout, mount your TV with a full-motion mount to achieve perfect viewing from any seat in the room.

INSTALLATION IS A BREEZE IN 3 EASY STEPS

Matching a TV to a mount and installing may seem daunting, but with well-designed and easy-to-install products, setting up a SANUS mount has never been simpler. SANUS wall mounts offer tool-less assembly and an easy-to-follow instruction manual, which means you spend less time fussing with installation.

WE'VE INCLUDED NEW TOOLS TO MAKE INSTALLATION EVEN EASIER

Installation is made even simpler by including almost everything you'll need for a smooth setup. You'll love our simplified and organized hardware, magnetic stud finder, and wall template that shows you exactly where to drill.

Included hardware eliminates unnecessary trips to the store to buy additional pieces

Magnetic stud finder finds the perfect spot to mount your TV

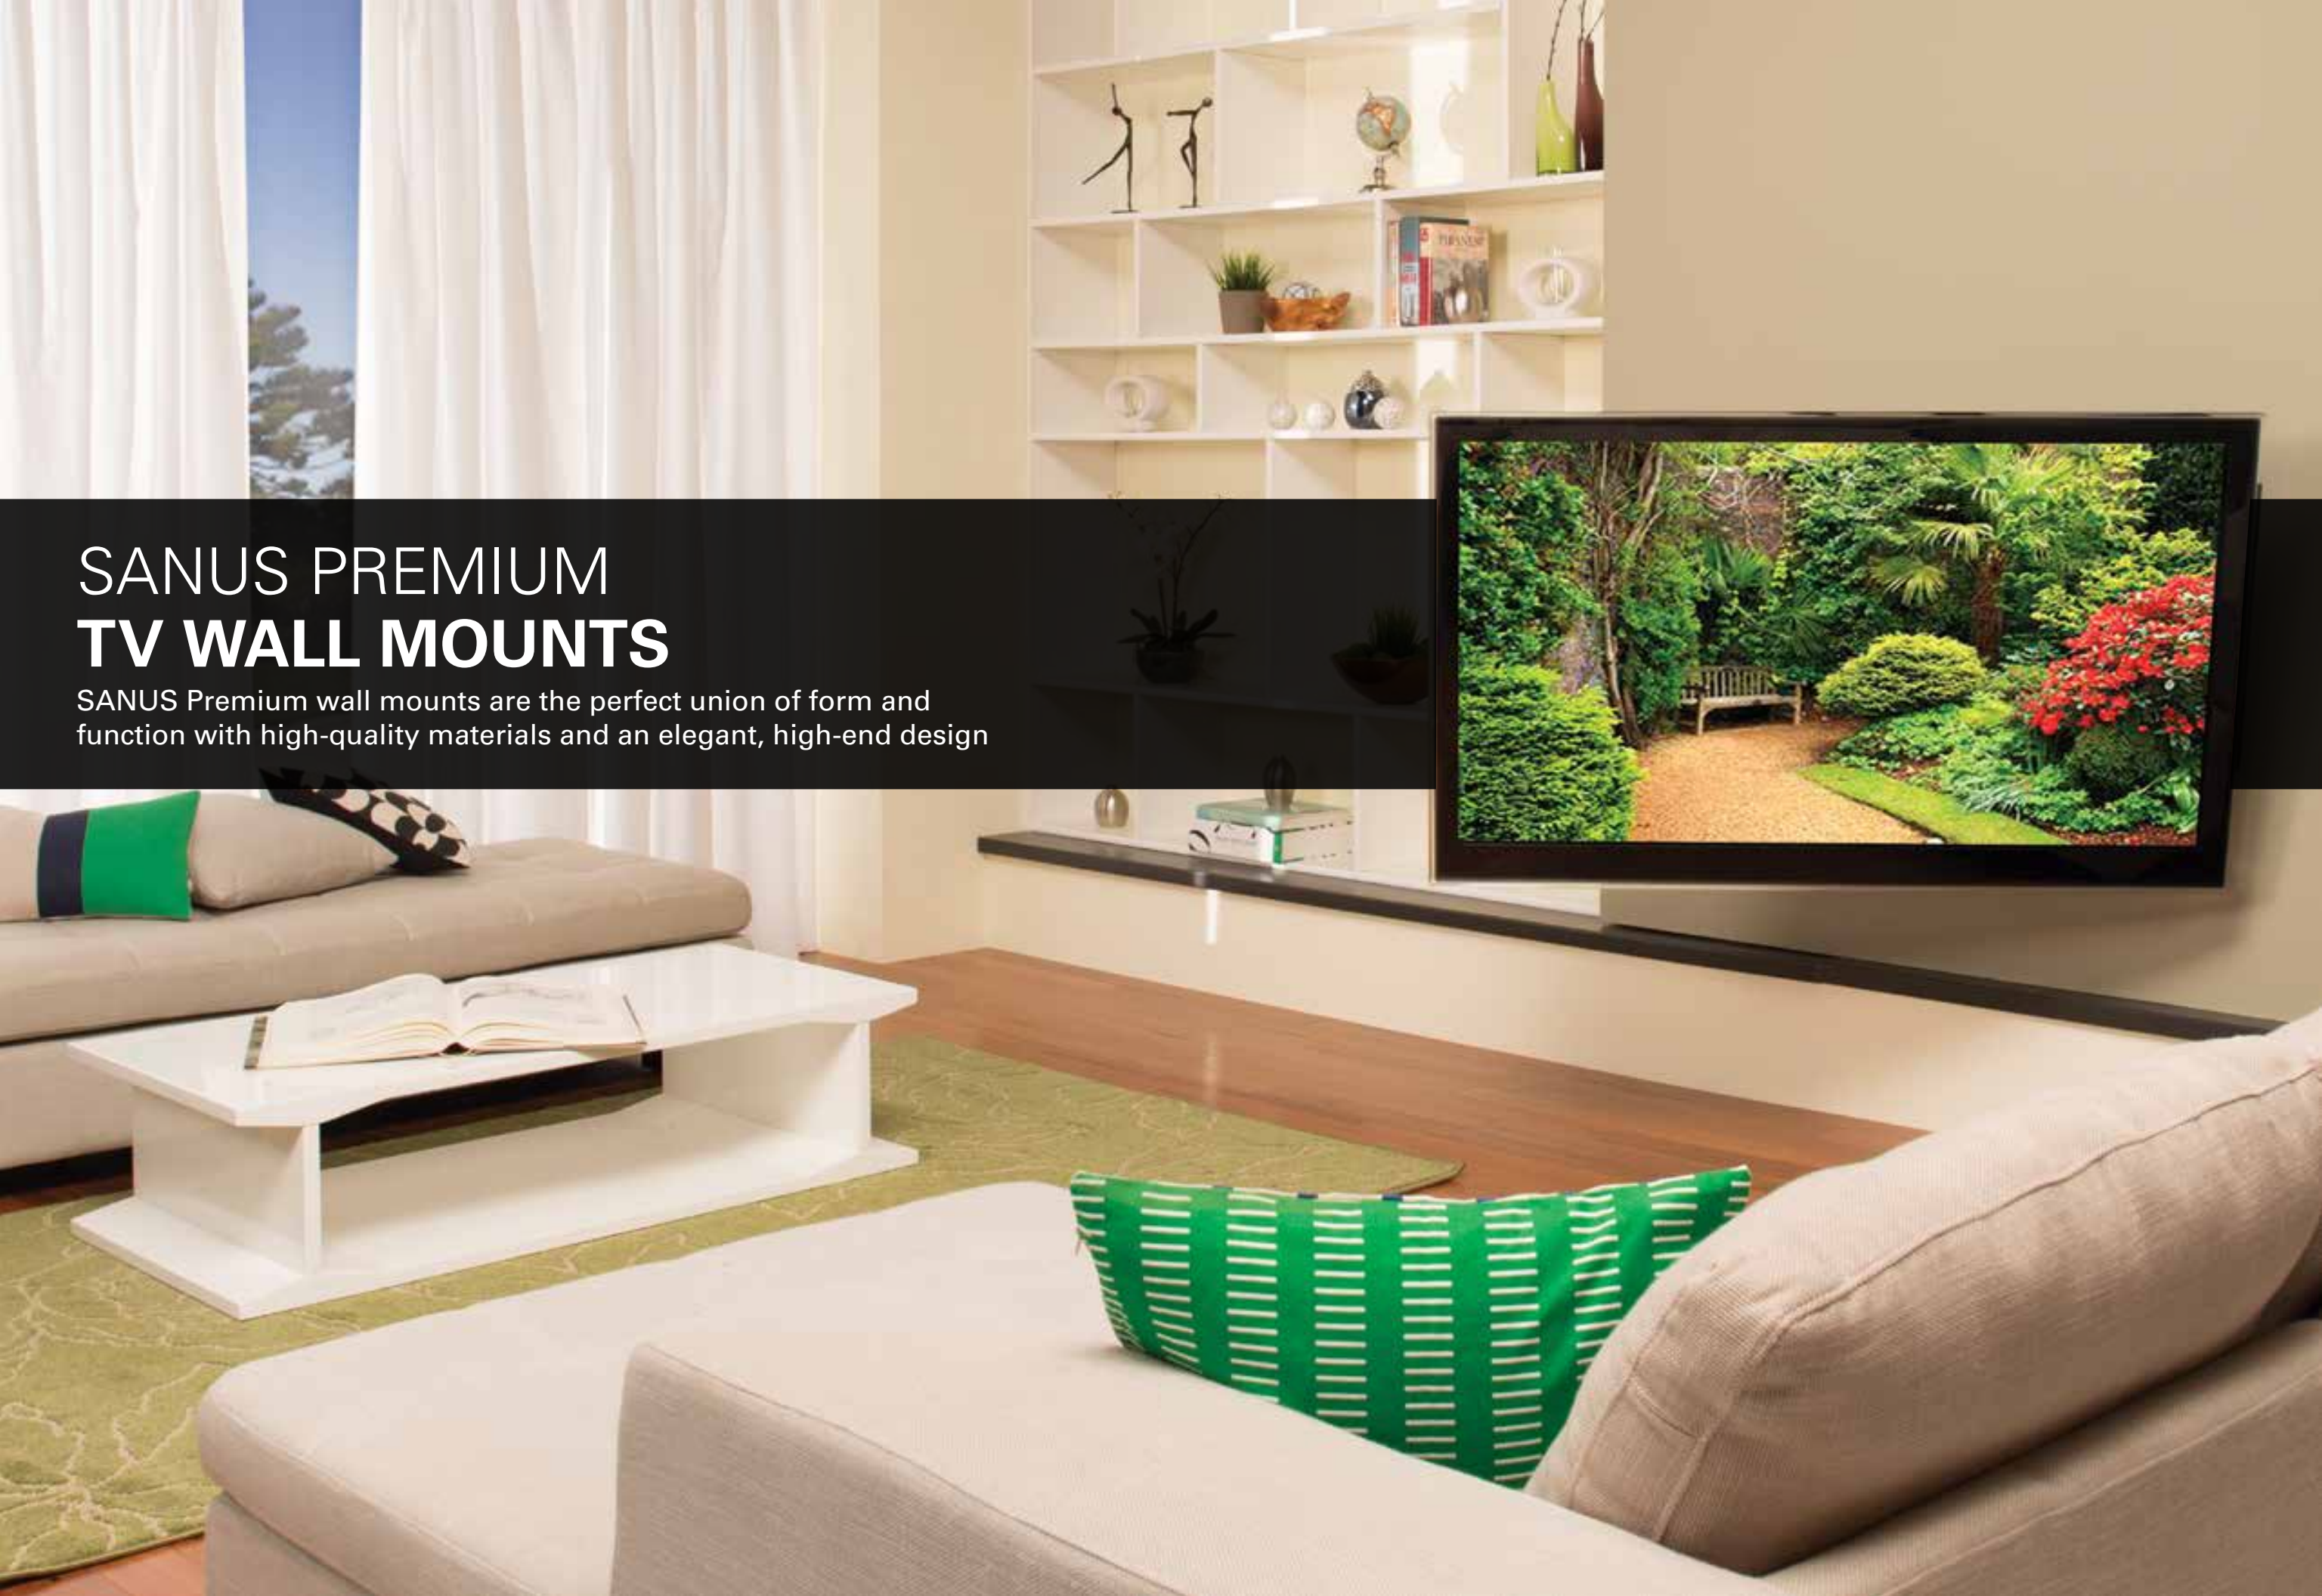

Wall template shows you where to drill
